

I highly recommend Dorene Matney of Web Consulting by Dorene Matney for anyone looking for a web designer / consultant. I utilized Dorene's services to assist me in the development of my website – CFO 4 Small Biz.

Dorene is very easy to work with and extremely responsive. Dorene has great ideas but doesn't force them upon you. I worked with Dorene on a remote basis as I'm located in Illinois and Dorene is in California. It is important that small business owners partner with excellent resources; that is why I selected Web Consulting by Dorene Matney.
